**SUNBELT CLOSES DEALS ON BOTH COASTS AND EXPANDS PRESENCE IN THE  
M&A MARKETPLACE**

**ATLANTA, Georgia – July 2005 –**

SUNBELT Business Advisors Network, the place to go to buy or sell businesses, has expanded its services in the M&A market segment with the recent successes of its ClearView Transaction practice line. ClearView, (headed by Dan Elliott, Certified Business Intermediary and M&AMI, and Managing Director Wes Monty) has recently completed 2 transactions on opposite coasts. The sale of a commercial nursery in Portland, Oregon and a printing company in Florida. Although the actual selling prices are confidential each of these transactions were multi-million dollar deals.

The ClearView Transaction process provides a substantially higher level of service for business owners seeking to sell their businesses. "ClearView Transaction systems are designed to create a market for high quality sellers seeking the best buyers from around the U.S. and around the world. For instance the buyer of the business in Oregon is a company from Colorado" Monty said.

Sunbelt Business Advisors Network has a significant presence in the market for businesses being sold in the \$1,000,000 to \$50,000,000 range. With 300 or so U.S. offices and offices in 11 countries Sunbelt is positioned to deliver the best market coverage for buyers and sellers. Sunbelt offices wishing to participate in the ClearView Transaction service must receive a higher level of training and receive certification. More information about the Sunbelt ClearView Transaction system can be found at [www.sunbeltmergers.com](http://www.sunbeltmergers.com).
